

Contacting your Student Management System provider

If you want to connect your Student Management System (SMS) to the Progress and Consistency Tool (PaCT) you will need to contact your SMS provider directly to ensure your SMS is ready to connect.

Your school SMS administrator should contact the appropriate provider (contact details below) and request that the SMS be enabled to connect with PaCT. They should ask for confirmation from the provider for when it is completed before attempting to link to PaCT (during the PaCT set up process with the education service desk).

Assembly:

Contact phone number for Assembly: 0800 555 987

eTAP:

Contact phone number for eTAP: 09 263 4827

KAMAR:

Contact phone number for KAMAR: 07 575 2627 (07 57 KAMAR)

Musac Edge:

Contact phone number for Musac Edge: 0800 600 159

Once the SMS provider confirms this is done, you can connect to your SMS during the set up process with the service desk. We recommend this however if you choose not to, you can also do this later if you change your mind.
